

THE COUNTY CONVENTION MET; EVERYTHING WAS HARMONIOUS

GEN. M. L. BONHAM AGAIN ELECTED PRESIDENT OF THE CONVENTION AND S. DEAN PEARMAN COUNTY CHAIRMAN; DELEGATES TO THE STATE CONVENTION.

The county democratic convention met Monday and was entirely harmonious. All of the delegates were present, something like 450 being enrolled. Gen. M. L. Bonham called the meeting to order and made a ringing speech for harmony, stating that the president of the United States is a Southern man, the national administration is southern and democratic and the State of South Carolina should be in close touch with the national party.

Upon the roll of clubs being called, the roll was perfected. Two new clubs were received, one at Piercetown and one at Campbell's store. Gen. Bonham was nominated for president of the convention, Mr. K. P. Smith, nominated Dr. W. A. Tripp of Brushy Creek. Every member's name was called and he voted. The result was Bonham 234, Tripp 90. The result was received with applause. Capt. H. H. Watkins nominated Dr. Tripp for vice-president of the convention. This was received with enthusiasm and Dr. Tripp was elected unanimously.

S. Dean Pearman was elected secretary without opposition. The roll of the county executive committee was then formed, and S. Dean Pearman was elected chairman. Gen. Bonham had already announced that he could not serve. Hon. J. W. Ashley was put in nomination but withdrew his name as member of the state executive committee and T. Frank Watkins was elected to the position without opposition.

For delegates to the State convention the following were nominated: J. Clyde Green, U. E. Seydt, D. A. Taylor, J. C. Stribling, W. A. Tripp, S. O. Jackson, S. D. Pearman, A. E. Fant, C. E. Harper, L. Strauss' New Opera Which Created A Row in New York.
Atlanta, May 1.—For a strange trick of fate, the new Strauss Opera "Rosenkavalier" which called down the denunciations of leading New York critics on its premiere performance a month or two ago, was received with open arms by the Atlanta audience and was one of the big triumphs of "Rosenkavalier" was condemned in New York because the music was said to be freakish and of a futurist type, and even immoral in some of the highly colored spots of orchestration, particularly in the overture. When the Metropolitan left New York for Atlanta, the general impression was that it would not remain on the repertoire permanently. But in the face of this reception given it here, those plans may change, and Atlanta may go down in history as the first American city to show appreciation of a score written by the greatest living composer of this generation.

PRIMARY REFORM PLANS ARE LAID

Hon. John J. McMahan of Columbia Suggests Now Is Time For Action
Columbia, May 1.—John J. McMahan, former state superintendent of education, will lead the fight in the state convention to place safeguards around the primary. In an interview today he said:
"The ward One Democratic Club of the City of Columbia at a splendidly attended meeting adopted by enthusiastic and almost unanimous vote the following resolutions 'instructing' its fifty three delegates to the County Democratic convention for the genuine 'reform of the primary'—not a hypocritical phrase, but a measure 'with teeth in it'—as the saying goes in regard to the trust regulation."
"Resolved that the delegates to the County Convention are hereby instructed to vote and work for the adoption of the amendments to the party constitution and rules safeguarding the primary elections by requiring of all voters in the primary, proof of qualifications to vote in the general election and thus to make good the pledge to support the nominees of the primary."
"This Club two years ago led in 'instructing' for Woodrow Wilson, and deserves the credit of turning the tide for definite action at the State Convention, but for which Wilson's nomination at Baltimore would have been impossible. There can be no greater service to the State than the achievement of such success in the present endeavor."
"We want our friends throughout the state to know that they are not alone and that the fight will be made. The above resolution will be adopted by the Richland County Democratic Convention and will be presented to the state convention backed by Richland's twelve delegates not only deftly instructed, but personally enthusiastic in individual conviction and advocacy."
"The 'reform of the primary'—once without friends, has come to a winning slogan, and consequently many false prophets are now in the ranks of its supporters. They are endeavoring to seduce the movement from its legitimate results and turn it into a mere covering of the eyes and a public places."
"It is most unfortunate that those who should be cooperating in perfect agreement for the full reform needed are now differing among themselves as to details and are playing into the hands of standpatters who oppose any change whatever. The latter will be almost without representation in the State convention, but their cause may have able champions in their unnatural allies who are now to the front as compromisers and temporizers."
"The time is at hand for firm action. Conditions are ripe for the real reform. To accept less is a cowardly surrender."

Why we want Small Accounts

Do you realize that a hundred small accounts make a bank stronger than a dozen large ones even if they aggregate the same total of deposits?
That's why we are constantly seeking new customers. We want as wide a circle of friends and customers as possible.
Of course, large accounts are welcome, too, for it is our purpose to serve ALL people.
But we want men and women of limited means to know that this bank is willing to accept their deposits and give them the advantage of our advice and every facility of the institution.
If you are not a bank depositor at all come in and get acquainted with us. We will be glad to talk things over with you.
